

JWELL

Market reviewed: Pakistan / Punjab | Research date: 06/10/2026

PRELIMINARY DECISION STATUS

NOT A FIT FOR THIS BUYER

Proceed to technical and commercial qualification through the company's publicly listed channel; do not treat the card as authorization or pay an unverified beneficiary.

BUYER FIT VERDICT

- Potentially strong for a Pakistan importer/distributor with industrial customers, engineering capacity, and capital for large customized lines; likely a poor fit for a low-capital general trading start.
- If the group relationship and transaction entity are confirmed, JWELL's breadth of extrusion equipment and apparent Taicang manufacturing/service capability could support several industrial niches relevant to Pakistan.

7.0 / 10

EVIDENCE SCORE
This is not a supplier quality score.

PUBLIC-SOURCE ASSESSMENT

There is credible public evidence of an established JWELL extrusion-machinery manufacturing operation associated with the stated Taicang address, and the card's email domain is corroborated by JWELL-published materials.

PRODUCTS FOUND

Plastic pipe extrusion lines, including HDPE/PVC and corrugated pipe systems
Plastic sheet, plate, and film extrusion lines
Profile extrusion lines

MARKETS FOUND

JWELL materials claim exports or business coverage across more than 100/120 countries; counts vary by page and are company claims.
Pakistan appears on JWELL's stated market-coverage list, but this does not verify a Punjab distributor or customer reference.
CHINAPLAS and company exhibition materials show international exhibition activity, including South Asian and Middle Eastern events.

MOST IMPORTANT CAUTION

No independent confirmation of Liu Zhihao's identity, current employment, or authority.

RECOMMENDED NEXT ACTION

The supplier appears to be connected to a real JWELL manufacturing operation, and the card's email domain and address have meaningful public corroboration. This supports initial engagement, not transaction verification.

Buyer evidence scorecard

JWELL

FIT FOR THIS BUYER IN PAKISTAN / PUNJAB

- Potentially strong for a Pakistan importer/distributor with industrial customers, engineering capacity, and capital for large customized lines; likely a poor fit for a low-capital general trading start. No product is specified, so first qualify Punjab demand and local service capability rather than choosing a line from broad catalogue claims.
- If the group relationship and transaction entity are confirmed, JWELL's breadth of extrusion equipment and apparent Taicang manufacturing/service capability could support several industrial niches relevant to Pakistan. The opportunity is best approached as an engineered capital-equipment distribution or project business, not an unqualified catalogue purchase.
- Buyer segments:
 - Pipe and water/gas infrastructure manufacturers
 - Packaging and sheet/film converters
 - Construction-profile and building-material producers
 - Plastic recyclers and compounders
 - Industrial buyers seeking turnkey production lines and commissioning

Products and buyer fit

COMPANY CLASSIFICATION

- Plastic extrusion machinery and complete production lines (high): JWELL materials describe extrusion machinery manufacturing and lines for pipe, sheet, film, profile, compounding, recycling, and blow molding.
- Plastic recycling and pelletizing equipment (high): Listed across JWELL company and product materials.
- Chemical-fiber spinning machinery and extrusion components (medium): Listed in group materials and historic product brochures; confirm which Suzhou legal entity manufactures the specific item.

PRODUCTS SUPPORTED BY CURRENT EVIDENCE

- Plastic pipe extrusion lines, including HDPE/PVC and corrugated pipe systems
- Plastic sheet, plate, and film extrusion lines
- Profile extrusion lines
- Compounding, pelletizing, recycling, crushing, and washing systems
- Blow-molding equipment
- Chemical-fiber spinning machinery and extrusion components

MARKETS FOUND

■

- JWELL materials claim exports or business coverage across more than 100/120 countries; counts vary by page and are company claims.
- Pakistan appears on JWELL's stated market-coverage list, but this does not verify a Punjab distributor or customer reference.
- CHINAPLAS and company exhibition materials show international exhibition activity, including South Asian and Middle Eastern events.

TARGET-MARKET READINESS

- Pakistan is included in JWELL promotional market-coverage material. Search did not establish an identifiable authorized distributor, Punjab installation, spare-parts depot, or local service technician. A separate trade-data result refers to Shanghai Jwell Extrusion Machinery Co. Ltd. shipments to Pakistan, not conclusively to the card-named Suzhou entity; do not treat it as proof of this supplier's Pakistan presence.

COMMERCIAL OPPORTUNITIES WORTH EXPLORING

- Explore demand with Punjab pipe, construction-material, packaging, sheet/film, and plastic-recycling manufacturers before selecting a specific extrusion line.
- For an importer/distributor model, request dealer terms, territory, demo access, lead registration, spare-parts pricing, engineer training, and non-compete/after-sales obligations in writing.
- Consider a staged entry through spare parts, service capability, or a customer-backed turnkey project before financing a full production-line inventory.
- Request a site visit or witnessed factory acceptance test and a comparable customer reference using the same material and output range.

Factory and compliance evidence

SUPPLIER CLASSIFICATION

Factory likely · high confidence

Directional classification from available public evidence. This is not proof of factory ownership, contact authority, exporter identity, or payment safety.

FACTORY SIGNALS

- Company-branded material describes Suzhou/Taicang as a manufacturing base.
- JWELL published Taicang factory open-day material describing production workshops and equipment assembly at No. 18 Dong'an Road.
- CHINAPLAS exhibitor profile describes Suzhou JWELL as manufacturing pipe extrusion equipment.
- Company materials advertise factory visits, machine testing, installation, commissioning, and after-sales support.

TRADING-COMPANY SIGNALS

- JWELL markets products internationally and has supplier listings on Alibaba.
- Group materials describe overseas exports and sales networks; these do not establish that the card-named entity itself is the exporter or contracting seller.

EXPORTER RELATIONSHIP

- Unresolved. JWELL group and supplier materials indicate export activity, but the exporting legal entity for a buyer's order must be named on the quotation, contract, invoice, and export documents.

PAYMENT BENEFICIARY RELATIONSHIP

- Unresolved. No public evidence reviewed establishes the beneficiary account holder or its relationship to. Require a company-issued bank letter and matching contract/invoice entity; independently verify any bank-detail change.

VERIFY NEXT

- Obtain current Chinese business license, Unified Social Credit Code, registered address, and legal representative.
- Request a company-stamped quotation identifying seller, manufacturer, exporter, and beneficiary separately.
- Confirm the cardholder and authorized sales/export contact through jwell.cn and a separately sourced company telephone number.
- Arrange live video inspection and, for a serious order, independent factory inspection at the Taicang address.
- Verify the beneficiary account name directly with the legal seller using a previously confirmed channel.

FACTORY EVIDENCE

- Official-branded Taicang contact page publishes No. 18 Dong'an Road.
- JWELL reported a 2025 open house at its Taicang base and described visitors seeing component-production and equipment-assembly workshops.
- CHINAPLAS exhibitor description identifies Suzhou JWELL as focused on manufacturing plastic pipe extrusion equipment.
- Historic Alibaba/Bureau Veritas assessment report names Suzhou Jwell Machinery Co. Ltd. and the same address; it is not a current inspection.

TECHNICAL CLAIMS

- Group and company materials describe complete extrusion production lines and customized solutions; request a machine-specific technical proposal rather than relying on generic catalogue specifications.
- Company page claims factory testing, installation/debugging, and operator support.
- JWELL materials claim broad production capacity and global service; verify actual production site, line configuration, throughput, energy consumption, and acceptance test for the quoted model.

COMPLIANCE AND CERTIFICATIONS

- Business card claims CE and ISO 9001:2015; not independently validated for this legal entity or specific machine.
- JWELL materials make CE and ISO claims; a historic company-hosted Alibaba verification document lists certificates with dates that are no longer current.
- Request current certificate copies, issuing-body verification, scope, site address, legal entity name, and machine-specific declaration/conformity documentation.

PARTNERSHIP AND CUSTOMER CLAIMS

- JWELL group pages claim overseas networks and service locations; no specific Pakistan/Punjab partner was verified.

- JWELL company pages describe cooperation with component suppliers, but no transaction-specific partnership or authorized local distributor agreement was verified.

POSITIVE PUBLIC INDICATORS

- Matching card and company-published Taicang address.
- Card email domain corroborated by JWELL-published company material.
- Multiple company and exhibition sources describe extrusion manufacturing and factory activity.
- Public materials describe installation, commissioning, training, and warranty support.
- Alibaba listing and a historic assessment report provide additional supplier-footprint evidence.

CAUTION INDICATORS

- No independent confirmation of Liu Zhihao's identity, current employment, or authority.
- No primary registry record or verified unified social credit code established in this review.
- Multiple JWELL group entities and similar English names create seller/exporter/beneficiary ambiguity.
- Card mobile and landline were not matched to a current official source.
- Card-listed szjwell.cn domain was not confidently established as official.
- Current entity-specific CE/ISO documentation and a verified Pakistan/Punjab service network remain unconfirmed.

EVIDENCE BOUNDARY

A marketplace badge, supplier statement, factory photo, certificate logo, directory entry, or exhibition listing is not by itself proof of an owned factory or a valid certificate. Obtain current documents and verify them with the issuing body where appropriate.

Statuses describe the strength of accessible public evidence for this research run. They are not supplier approval ratings.

STRONGEST FINDINGS

ADDRESS AND BUSINESS IDENTITY LINKAGE
The printed No. 18 Dong'an Road address matches company-branded Taicang contact materials and a historic Alibaba verification document.
MANUFACTURING CAPABILITY
JWELL describes production operations and factory visits; CHINAPLAS exhibitor information independently lists Suzhou JWELL as an equipment manufacturer.
CONTACT AFFILIATION
Card email sales@jwell.cn uses the same company domain as JWELL materials publishing sales@jwell.cn. Cardholder identity and role remain unverified.
WARRANTY AND SERVICE
JWELL-branded service page states one-year warranty and lifetime maintenance; confirm scope, exclusions, response times, travel costs, and parts availability in the signed contract.
LEGAL REGISTRATION AND ENTITY MAPPING
Public directory provides a possible entity record, but current primary registry evidence and exact unified credit code were not established.

Address and business identity linkage STRONG The printed No. 18 Dong'an Road address matches company-branded Taicang contact materials and a historic Alibaba verification document. jwellmech.com - supporting source jwellmachine.com - supporting source	Manufacturing capability STRONG JWELL describes production operations and factory visits; CHINAPLAS exhibitor information independently lists Suzhou JWELL as an equipment manufacturer. jwellmech.com - supporting source chinaplasonline.com - supporting source jwellmech.com - supporting source
Contact affiliation GOOD Card email sales@jwell.cn uses the same company domain as JWELL materials publishing sales@jwell.cn. Cardholder identity and role remain unverified. jwellextrusions.com - supporting source jwellmech.com - supporting source	Legal registration and entity mapping LIMITED Public directory provides a possible entity record, but current primary registry evidence and exact unified credit code were not established. cnverify.com - supporting source
Export channel and transaction counterparty LIMITED Group export claims and marketplace presence do not identify which legal entity will contract, export, or receive payment for this buyer. jwell-group.com - supporting source alibaba.com - supporting source	Pakistan and Punjab support LIMITED JWELL includes Pakistan in stated market coverage, but no verified Punjab distributor, local spare-parts stock, installed reference, or service SLA was found. jwellextrusionline.com - supporting source

Public materials show certification claims, but located historic certificates are expired or older versions; no current certificate scoped to the exact legal entity and proposed machine was verified. jwellmachine.com - supporting source	Warranty and service GOOD JWELL-branded service page states one-year warranty and lifetime maintenance; confirm scope, exclusions, response times, travel costs, and parts availability in the signed contract. jwellmech.com - supporting source

Company identity and conflicts

WHO SHOULD YOU CONTACT?

Company contact / sales inquiry - JWELL / Suzhou Taicang operation; exact contracting entity to be confirmed

Prefer this published company route over relying on an unverified individual cardholder. Ask the company to confirm the exact seller and route the inquiry to its authorized export/sales desk.

Evidence: Official company claim | confidence: medium

- email: saldf@jwell.cn
- phone: +86-0512-53377158

[jwellmech.com - contact evidence](#)
[jwellmech.com - contact evidence](#)

Contact discovery does not prove authority to quote, contract, change bank details, or receive payment.

LEGAL IDENTITY

The Chinese name is printed on the card and appears in company and supplier materials. English renderings include Suzhou Jwell Machinery Co., Ltd. and Suzhou Jwell Machinery Manufacturing Co., Ltd.; do not assume they identify the same registered entity without its current Chinese business license and Unified Social Credit Code. A third-party company directory reports a 2008-06-25 establishment date and legal representative He Haichao, but this was not verified against a primary registry. JWELL's 1997 founding claim appears to refer to the wider group/history, not necessarily this specific legal entity.

COMPANY NAMES AND ALIASES

- Suzhou Jwell Machinery Co., Ltd.
- Suzhou Jwell Machinery Manufacturing Co., Ltd. (variant rendering)
- JWELL / (brand or group reference; not itself proof of contracting identity)

ADDRESS COMPARISON

SOURCE

Business card; address: 18; assessment: Card claim; translates to No. 18 Dong'an Road, Chengxiang Industrial Zone, Taicang, Suzhou.

SOURCE

JWELL company-branded contact page; address: NO.18, Dong'an Road, Chengxiang Industrial Zone, Taicang, Suzhou city, China; assessment: Strong match to the card's address; supports site/location association, not legal ownership or the identity of the payment beneficiary.

SOURCE

Alibaba/Bureau Veritas verification report hosted by JWELL; address: No. 18, Dong'an Road, Chengxiang Town, Taicang City, Suzhou City, Jiangsu Province, China; assessment: Matches the card. Report is historic (2019-hosted document) and should not substitute for a current site visit or registry check.

SOURCE

Third-party Chinese business directory; address: Taicang Chengxiang Industrial Park (full current registered address not established in the visible result); assessment: Broadly consistent location; primary registry confirmation not obtained.

CONFLICTS REQUIRING DIRECT VERIFICATION

ISSUE

JWELL founding date versus legal-entity founding date; card Claim: No founding date stated.; public Evidence: JWELL group/company pages cite 1997; a third-party directory reports 2008-06-25 for the Suzhou-named company.; assessment: Likely refers to different scopes: group history versus incorporation of a subsidiary. Verify with current business license; do not apply the group date to the card-named legal entity.

ISSUE

Website address; card Claim: www.szjwell.cn and www.jwell.cn; public Evidence: JWELL materials and company pages are available on jwell.cn and other JWELL-branded domains; no confident corroboration of szjwell.cn found.; assessment: Use jwell.cn-published contact information as a cross-check and ask the company to confirm the card-listed domain.

ISSUE

Phone details; card Claim: 0512-5337 7171 and 15806222390; public Evidence: Current JWELL Taicang page publishes +86-0512-53377158; historic brochures and other JWELL materials list other Suzhou numbers.; assessment: Different published contacts may reflect different teams or dates. Neither confirms nor disproves the card numbers; call through a separately confirmed company route.

ISSUE

CE / ISO claim; card Claim: CE and ISO 9001:2015; public Evidence: Company pages claim certifications; located older certificates/materials do not establish current validity for this legal entity and specific equipment.; assessment: Require current certificates with exact entity/site/scope and verify with the issuing body; request machine-specific conformity documents.

ISSUE

Pakistan market connection; card Claim: No country stated.; public Evidence: JWELL promotional material lists Pakistan; no specific authorized Punjab distributor or project was established.; assessment: Market coverage is not equivalent to local presence, service capability, or a reference installation.

Questions and information required

ASK AT THE FAIR - QUICK QUESTIONS

- Which exact legal company will manufacture, contract, export, invoice, and receive payment for this order?
- Can you provide the current business license and Unified Social Credit Code for?
- Is Liu Zhihao currently employed by that entity, and can your official sales office confirm his role?
- Which Taicang workshop builds the model under discussion, and can we arrange a live production-floor tour?
- What customer references can you provide for the same machine and application, including one in Pakistan or South Asia?
- What is your authorized service and spare-parts arrangement for Punjab, Pakistan?

ASK BEFORE PLACING AN ORDER

- For our application, what line configuration, raw-material grades, output range, finished-product tolerances, utility loads, and floor-space requirements do you recommend?
- Provide an itemized quotation separating machine, tooling, auxiliary equipment, packing, commissioning, training, spares, freight, and optional upgrades.
- State tested output and energy use under a defined material and acceptance-test protocol; what happens if it fails?
- Which legal entity signs the contract and appears on the invoice, export declaration, certificate of origin, and bill of lading?
- What warranty period and exclusions apply, and who bears engineer travel, accommodation, labor, and replacement-part costs?
-

What installation, commissioning, operator training, remote support, response time, and spare-parts stock are available in Pakistan?

- Can you provide current ISO 9001 and machine-specific CE/conformity documentation with issuing body, scope, validity, and exact entity/site?
- Can you provide two verifiable customer references for comparable lines and permit an independent factory audit?
- For distribution, what territory, sales targets, pricing protection, lead ownership, training, and after-sales responsibilities are proposed?
- What Incoterm, shipment port, delivery schedule, packing specification, payment milestones, and documentary requirements are offered?

INFORMATION STILL REQUIRED

- Current business license and Unified Social Credit Code for the exact seller.
- Primary-source confirmation of legal representative, registered address, ownership, and active status.
- Independent confirmation that Liu Zhihao currently works for the company and may solicit or quote.
- Current machine-specific quotation, technical specification, delivery, acceptance, and warranty terms.
- Current entity/site-specific ISO and CE documentation.
- Identity and relationship of the exporter, contracting company, and payment beneficiary.
- Verified Pakistan/Punjab distributor, customer reference, service response capability, and spare-parts plan.
- Independent current factory inspection and financial/credit assessment.

Product relevance is based on stored public evidence and buyer context. Confirm specifications, MOQ, customization, certification, pricing, and production capability directly.

QUALIFICATION SEQUENCE

Resolve legal identity and contact authority first. Then confirm product specification, production capability, compliance documents, sample approval, contract entity, and beneficiary bank details.

Before payment and public sources

DO NOT SEND A DEPOSIT YET

Do not pay until the contracting entity, beneficiary bank account, authority of the contact, product terms, and unresolved evidence conditions have been independently confirmed. Reconfirm any changed bank details through a separately sourced official company channel.

BEFORE YOU SEND MONEY

- Do not remit funds to Liu Zhihao personally, a personal account, an unrelated company, or a beneficiary that differs from the signed seller without independent legal and banking verification.
- Match the beneficiary account name to the contracting legal entity or obtain documented, independently verified explanation for any group-company exporter/beneficiary arrangement.

- Obtain a company-stamped pro forma invoice and contract stating model, specifications, acceptance criteria, delivery, Incoterm, warranty, and remedies.
- Verify bank details by calling the company through a number independently obtained from jwell.cn or another confirmed official route; do not use only contact details in a bank-change email.
- Use controlled milestone payments tied to documentary evidence and inspection/acceptance; consider a bank instrument and independent inspection appropriate to the order value.
- For a first transaction, verify export documents, shipping origin, certificate of origin, insurance, and the named exporter before balance payment.

PRIORITY UNRESOLVED CONDITION

- No independent confirmation of Liu Zhihao's identity, current employment, or authority.

Complete research narrative

The card points to a real JWELL/Suzhou Taicang extrusion-machinery operation: the printed address is corroborated by JWELL contact and product materials, and the card's sales@jwell.cn address matches an address published in JWELL materials. This supports company affiliation, not Liu Zhihao's current employment, title, authority, or the card's mobile/landline. JWELL presents manufacturing, factory visits, products, and service; classify this contact's supplier as Factory likely, while treating the contracting entity, exporter, and payment beneficiary as unresolved. A current public company contact route is saldf@jwell.cn / +86-512-53377158. Pakistan appears in JWELL's stated market coverage, but no specific Pakistan distributor, Punjab project, or after-sales partner was verified. Obtain a fresh quotation and confirm the exact legal seller, factory, warranty, export documents, and beneficiary before any payment.

Next steps

YOUR NEXT STEP WITH JWELL

Use these findings to guide your conversation with this supplier. Confirm any open product, company, and payment details before committing.

Research is only the first step. ChinaConnect247 can help you organize suppliers, compare quotations, track samples, prepare verification questions, and manage follow-ups after the fair. Discover. Verify. Compare. Follow up. www.chinaconnect247.com and WeChat: chinaconnect247

Business-card identity and original contact

JWELL

ORIGINAL BUSINESS-CARD CONTACT RETAINED

(Liu Zhihao) - (Sales Manager; card claim) -

- email: sales@jwell.cn
- phone: 0512-5337 7171
- phone: 15806222390

Cardholder relationship: Company affiliation corroborated

The business-card email uses jwell.cn, the same non-public email domain published through the company's official channels. This corroborates the cardholder's company affiliation. It does not by itself confirm job title, quotation authority, contracting authority, payment authority, or authority to change bank details.

CONTACT IDENTITY FINDINGS

- Business card names (Liu Zhihao), (Sales Manager), at, with sales@jwell.cn, landline 0512-5337 7171, mobile 15806222390, and the printed Taicang address. The public evidence found does not independently identify Liu or establish current employment or authority. The email domain is corroborated as a JWELL company email domain; the specific mobile and title are not.

The business card is a lead, not proof of affiliation or authority. Reconfirm any contact or payment instructions through an independently sourced official company route.
