

LE Vending

Market reviewed: United Arab Emirates | Research date: 09/10/2026

PRELIMINARY DECISION STATUS

ENHANCED VERIFICATION REQUIRED

Established public company footprint and meaningful manufacturer signals; cardholder affiliation is corroborated by the email domain, but identity/title and transaction authority remain unverified.

BUYER FIT VERDICT

- Potentially relevant to a China-based importer/distributor evaluating UAE resale: the company offers vending, coffee, beverage, snack, ice and robotic retail equipment, and marketplace material claims Middle East/UAE trade.
- The supplier combines machine categories with claimed software/remote management and OEM/ODM capability, which may suit an importer seeking differentiated UAE retail equipment.

7.0 / 10

EVIDENCE SCORE

This is not a supplier quality score.

PUBLIC-SOURCE ASSESSMENT

This appears to be a real, long-established company with a substantial public manufacturing footprint and several product/export channels. That does not verify this specific representative or any proposed transaction.

PRODUCTS FOUND

Smart snack and cold-drink vending machines

Fresh-ground and instant coffee vending machines

Bean-to-cup and tabletop commercial coffee machines

MARKETS FOUND

Made-in-China profile claims exports to more than 60 countries and lists UAE among them; directory claim only.

Alibaba profile states a 10% Middle East share in its displayed market distribution; this does not establish UAE customers.

Official website says the company exports to 23 countries; the claim is not independently reconciled with marketplace country counts.

MOST IMPORTANT CAUTION

Andy Sun's identity, current role and authority were not independently verified; the WhatsApp number remains card-only.

RECOMMENDED NEXT ACTION

Worth further evaluation as a prospective manufacturer/exporter, not yet safe to treat as a verified transaction counterparty. Contact the official company route to confirm Andy Sun, obtain legal and model documents, verify UAE service/compliance readiness, inspect the factory and reconcile the contracting entity with the payment beneficiary before committing funds.

Buyer evidence scorecard

LE Vending

FIT FOR THIS BUYER IN UNITED ARAB EMIRATES

- Potentially relevant to a China-based importer/distributor evaluating UAE resale: the company offers vending, coffee, beverage, snack, ice and robotic retail equipment, and marketplace material claims Middle East/UAE trade. For the stated \$20,000–\$100,000 range, compare a pilot unit or limited configuration against landed cost, payment integration, local maintenance capacity, parts availability and UAE model approvals. No UAE-specific project or service network was confirmed.
- The supplier combines machine categories with claimed software/remote management and OEM/ODM capability, which may suit an importer seeking differentiated UAE retail equipment. Its published manufacturer footprint and broad range justify a structured evaluation, but sales claims and UAE suitability need proof.
- Buyer segments:
 - Office coffee and workplace operators
 - Hotels, malls and hospitality groups
 - Universities, hospitals and transport-site operators
 - Vending operators and regional equipment distributors

Products and buyer fit

COMPANY CLASSIFICATION

- Company identity and footprint (medium): The official website identifies Hangzhou Yile Shangyun Robot Technology Co., Ltd. and gives the card's No.100 Changda Road address. A business-directory profile gives the corresponding Chinese name and registration details; it is not a live government registry extract.
- Manufacturing capability (medium): The company claims production workshops, assembly lines, sheet-metal work and a testing center. Alibaba presents a matched supplier profile with on-site verification and production-process information; validate the report and visit the facility.
- Cardholder and sales authority (low): The card's email is on the same ylvending.com domain used by the official company, corroborating affiliation, but public evidence found does not confirm Andy Sun's title, employment record, or authority to quote, contract, receive payment or change bank details.
- UAE suitability (low): Marketplace material claims exports to the UAE or broader Middle East, but no specific UAE customer, distributor, installation, local service arrangement or model-level UAE approval was confirmed.

PRODUCTS SUPPORTED BY CURRENT EVIDENCE

- Smart snack and cold-drink vending machines
- Fresh-ground and instant coffee vending machines
- Bean-to-cup and tabletop commercial coffee machines

- Ice makers and ice-cream vending machines
- Robotic barista / automated retail solutions
- Vending control, cloud-management and related software

MARKETS FOUND

- Made-in-China profile claims exports to more than 60 countries and lists UAE among them; directory claim only.
- Alibaba profile states a 10% Middle East share in its displayed market distribution; this does not establish UAE customers.
- Official website says the company exports to 23 countries; the claim is not independently reconciled with marketplace country counts.
- No UAE customer, distributor, project reference or local service provider was independently confirmed.

TARGET-MARKET READINESS

- Not confirmed at UAE project/distributor level. Made-in-China claims UAE among export destinations and Alibaba reports Middle East market share, but neither establishes a UAE installation, customer reference, local technician, spare-parts stock or country-specific approvals. Request UAE references, importer details and permission to contact customers.

COMMERCIAL OPPORTUNITIES WORTH EXPLORING

- Pilot fresh-ground coffee vending in offices, hotels, malls or campuses if local payment processing, Arabic-language interface and replenishment/service economics are proven.
- Assess snack-and-cold-drink machines for high-footfall sites, with UAE climate/temperature performance and energy consumption tested in the actual configuration.
- Explore ice or ice-cream vending only after hygiene, cleaning, ingredient handling, refrigeration performance and local service capacity are documented.
- Ask for a distributor proposal with territory, pricing, training, spare-parts package, warranty response times and realistic annual volume assumptions.

Factory and compliance evidence

SUPPLIER CLASSIFICATION

Factory and trading company · medium confidence

Directional classification from available public evidence. This is not proof of factory ownership, contact authority, exporter identity, or payment safety.

FACTORY SIGNALS

- Official company profile claims production workshops, coffee-machine assembly lines, sheet-metal workshop, testing center and R&D facilities at the stated Hangzhou site.
- Alibaba supplier profile describes on-site verification and reports production equipment and manufacturing workflow; request and authenticate the underlying verification report.
- A product conformity certificate names the company as both applicant and manufacturer for listed automatic-drinking-machine models.

TRADING-COMPANY SIGNALS

- Made-in-China classifies the business as Manufacturer/Factory & Trading Company and describes export capability and foreign-trading staff.
- Official materials describe sales, OEM/ODM and exports alongside production, consistent with a manufacturer that also trades/exports.

EXPORTER RELATIONSHIP

- The company is represented as manufacturer and exporter in company and marketplace materials, but the exact exporting/contracting entity for a proposed order must be confirmed against its current business license, export documents and invoice.

PAYMENT BENEFICIARY RELATIONSHIP

- Unknown. No beneficiary account or bank documentation was provided or independently matched. Require the beneficiary to be the contracted legal entity or obtain independently verifiable corporate documentation explaining any difference.

VERIFY NEXT

- Obtain current Chinese business license, unified social credit code, legal representative and registry extract; verify independently.
- Confirm in writing that sales5@ylvending.com and Andy Sun are authorized company sales contacts via Inquiry@ylvending.com or the official phone.
- Require a pro forma invoice and sales contract naming the exact legal seller, manufacturer, exporter, warranty provider and beneficiary; reconcile all names.
- Arrange live video or independent on-site factory inspection and verify Alibaba's underlying assessment report.
- Authenticate model-specific certificates and test reports with the issuing labs and confirm UAE requirements with the buyer's UAE importer/customs/compliance adviser.

FACTORY EVIDENCE

- Official company profile claims a 52,000-square-meter building, assembly and sheet-metal workshops, testing center, R&D facilities and warehouse at its Hangzhou site.
- Alibaba supplier page reports on-site verification by Alibaba/Intertek and summarizes equipment and production steps; request the full report and check the inspector, date and address.
- Alibaba indicates 32,496 square meters of floor space while the official site claims 52,000 square meters of building area; these may use different measurement bases and should be reconciled.
- Factory photos, website descriptions and marketplace profile are supportive leads, not a substitute for a live inspection or independent audit.

TECHNICAL CLAIMS

- Official FAQ says machines support cash mechanisms and integrations including Nayax and PAX, subject to coverage in the destination country; local e-wallet QR payment requires integration.
- Official FAQ claims remote recipe updates, fault notifications and management through a web system.
- Official FAQ claims typical lead time around 30 working days, sample availability and 12-month warranty after delivery; obtain written model-specific terms.
-

Official materials list supported interface languages including Chinese, English, Russian, French, Spanish, Thai and Vietnamese; Arabic support was not confirmed.

COMPLIANCE AND CERTIFICATIONS

- Official company page claims CE, CB, CQC, RoHS and EMC product credentials, food inspection reports, and ISO 9001, ISO 14001 and ISO 45001 management certifications.
- A surfaced conformity certificate names Hangzhou Yile Shangyun Robot Technology Co., Ltd. as applicant and manufacturer for listed automatic-drinking-machine models under the EU Low Voltage Directive; authenticate the full document and model scope.
- A surfaced RoHS document covers listed automatic-drinking-machine models and states the result applies to the submitted sample; verify the report and certificate directly with the issuing laboratory.
- Do not treat these claims as proof of UAE acceptance or of compliance for every machine/configuration.

PARTNERSHIP AND CUSTOMER CLAIMS

- Official FAQ claims cashless integrations with Nayax and PAX, conditional on local coverage; verify exact UAE acquirer, device, currency and settlement setup.
- Official website history describes cooperation with Alipay for face-scan payment integration; this is not evidence of UAE payment readiness.
- No independently verified UAE distributor, exclusive arrangement, service partner or project was found.

POSITIVE PUBLIC INDICATORS

- The official website, company name and card address/domain align.
- The card email is on the official company domain, corroborating affiliation without proving authority.
- Public company materials describe manufacturing, R&D, sales and after-sales activity dating to 2007.
- Alibaba and Made-in-China show matched supplier profiles; Alibaba reports on-site assessment, while Made-in-China labels the supplier manufacturer/trading company.
- Official FAQ publishes contact details and claims sample access, distributor engagement and a 12-month warranty.

CAUTION INDICATORS

- Andy Sun's identity, current role and authority were not independently verified; the WhatsApp number remains card-only.
- The seller, manufacturer, exporter and payment beneficiary for a future order have not been tied together by transaction documents.
- UAE-specific customers, distributor, service network, spare parts and compliance approvals were not confirmed.
- Certifications and company scale claims need document-level authentication; certificates may cover only named models or submitted samples.
- Marketplace platform verification and reviews reduce some uncertainty but do not verify a specific order, contract or bank account.

EVIDENCE BOUNDARY

A marketplace badge, supplier statement, factory photo, certificate logo, directory entry, or exhibition listing is not by itself proof of an owned factory or a valid certificate. Obtain current documents and verify them with the issuing body where appropriate.

Statuses describe the strength of accessible public evidence for this research run. They are not supplier approval ratings.

STRONGEST FINDINGS

BUSINESS-CARD ADDRESS MATCH

No.100 Changda Road, Yuhang Economic Development Zone matches the official contact/about address; district wording varies but no clear address conflict emerged.

LEGAL IDENTITY AND AGE

Official site uses Hangzhou Yile Shangyun Robot Technology Co., Ltd.; a directory reports and a 2007 establishment date. Obtain current official registry evidence.

FACTORY EVIDENCE

Official factory description and Alibaba on-site supplier profile indicate manufacturing capacity; independently inspect the site and original verification report.

CARDHOLDER AFFILIATION

Card email uses the official ylvending.com domain, corroborating company affiliation. Person, title and transaction authority remain unconfirmed.

EXPORT/UAE FIT

A supplier directory claims UAE exports and Alibaba shows a broad Middle East market share claim, but no UAE buyer, installation or distributor was specifically verified.

Legal identity and age GOOD Official site uses Hangzhou Yile Shangyun Robot Technology Co., Ltd.; a directory reports and a 2007 establishment date. Obtain current official registry evidence. ylvending.com - supporting source cnverify.com - supporting source	Business-card address match STRONG No.100 Changda Road, Yuhang Economic Development Zone matches the official contact/about address; district wording varies but no clear address conflict emerged. ylvending.com - supporting source ylvending.com - supporting source

Export/UAE fit LIMITED A supplier directory claims UAE exports and Alibaba shows a broad Middle East market share claim, but no UAE buyer, installation or distributor was specifically verified. m.made-in-china.com - supporting source suppliers.alibaba.com - supporting source	Warranty and after-sales LIMITED Official FAQ claims a 12-month warranty and remote online support; no UAE response-time commitment, local technician, spare-parts stock or enforceable warranty terms were verified. ylvending.com - supporting source
Certificates LIMITED Company lists multiple certificates; a third-party-hosted conformity document names the company/manufacturer for specified models. Authentication, scope and UAE applicability remain to be checked.	Payment beneficiary NOT FOUND No account details were provided or public evidence found to identify or match a payment beneficiary to the legal seller.

Company identity and conflicts

WHO SHOULD YOU CONTACT?

Sales / product inquiries - Hangzhou Yile Shangyun Robot Technology Co., Ltd.

Prefer the published company-domain inquiry email and contact form over an unverified direct mobile/WhatsApp route. Ask the company to confirm Andy Sun and the responsible export representative through this route.

Evidence: Official company claim | confidence: high

- email: Inquiry@ylvending.com
- phone: +86 15088777517
- contact form: Official website contact form

[ylvending.com - contact evidence](#)

[ylvending.com - contact evidence](#)

Contact discovery does not prove authority to quote, contract, change bank details, or receive payment.

LEGAL IDENTITY

- ; English name used on the company website: Hangzhou Yile Shangyun Robot Technology Co., Ltd. A third-party company-information page reports legal representative Zhu Lingjun and establishment date 2007-11-07; confirm current status and registration details using a current official Chinese registry extract.

COMPANY NAMES AND ALIASES

- Hangzhou Yile Shangyun Robot Technology Co., Ltd. (official website name)
- (Chinese company name reported by company-information directory)
- LE Vending (brand/trade name used on card and product materials)
- Hangzhou Yile Vending Machine Manufacturing Co., Ltd. (historical/group name appearing in company history)

ADDRESS COMPARISON

SOURCE

Business card; address: No.100 Changda Road, Yuhang Economic Development Zone, Hangzhou; assessment: Card claim; matches the distinctive street number and road published by the company.

SOURCE

Official company website; address: No.100 Changda Road, Yuhang Economic Development Zone, Hangzhou, China; assessment: Substantial match. Other company materials add Linping District, reflecting a more complete district formulation rather than a clear contradiction.

SOURCE

Company-information directory; address: No. 100, Changda Road, Economic and Technological Development Zone, Linping District, Hangzhou City, Zhejiang Province; assessment: Consistent location with expanded administrative-area details; directory information should be checked against a current official registry.

CONFLICTS REQUIRING DIRECT VERIFICATION

ISSUE

Card name versus legal company name; card Claim: LE Vending; public Evidence: Official site identifies Hangzhou Yile Shangyun Robot Technology Co., Ltd.; company-information directory reports.; assessment: Likely brand/trade name versus legal company name. The contracting entity must be stated explicitly and matched to its business license.

ISSUE

Factory size; card Claim: No factory size stated.; public Evidence: Official website claims 52,000 square meters of building area; Alibaba supplier page reports 32,496 square meters of floor space; Made-in-China reports 38,496.38 square meters of plant area.; assessment: Measurement methods or reporting dates may differ. Ask for a current site plan and independent inspection; do not assume figures are equivalent.

ISSUE

Contact identity and authority; card Claim: Andy Sun, Sales Manager; sales5@ylvending.com; WhatsApp +86 191-0677-7355.; public Evidence: Official site publishes Inquiry@ylvending.com and +86 15088777517; no exact public match for Andy Sun or the card mobile was found.; assessment: The same-domain card email corroborates company affiliation, not identity/title/authority. Confirm cardholder and any quote through the official channel.

ISSUE

UAE market presence; card Claim: No target-market claim on card.; public Evidence: Made-in-China lists UAE among claimed export countries; Alibaba reports a Middle East share. No UAE-specific project or distributor was confirmed.; assessment: Evidence supports only broad marketplace claims, not established UAE presence or service readiness.

Questions and information required

ASK AT THE FAIR - QUICK QUESTIONS

- What is the exact Chinese legal name, unified social credit code and current business-license name of the entity that will sign and invoice?
- Can you confirm Andy Sun, his current department and authority via Inquiry@ylvending.com, and identify the authorized export contact?
- Will the manufacturer, seller, exporter and bank beneficiary all be the same legal entity? If not, provide the documented relationship.
- Which exact models are recommended for the UAE, and can you provide authenticated certificates/test reports covering those models and configuration?
- Can the machines accept the buyer's intended UAE payment methods, currencies and acquiring arrangement? Who performs and supports integration?
- What UAE installations or distributor references can be contacted, and who provides local maintenance and spare parts?

ASK BEFORE PLACING AN ORDER

- Provide the current business license, official registry extract, company bank-account confirmation and English/Chinese legal names.
-

Confirm Andy Sun's employment and export role in a reply from the official company domain; identify who can sign the contract and approve quotes.

- Provide a model-by-model quotation, Incoterms, MOQ, sample price, production lead time, packing dimensions, HS codes and spare-parts list.
- Provide original test reports and certificates with model scope, issuing-body contacts, validity and verification method; identify gaps for UAE import/use.
- Demonstrate the exact payment hardware/software, network connectivity, UAE acquiring partner, settlement currency and Arabic-language capability.
- Provide warranty terms, exclusions, response times, remote diagnosis process, technician training and availability/pricing of UAE spare parts.
- Provide references for UAE or comparable hot-climate installations and evidence of distributor/service arrangements.
- Reconcile factory-area figures and arrange a live video walkthrough or independent inspection before a material order.

INFORMATION STILL REQUIRED

- Current official registry extract, unified social credit code and current legal status.
- Independent confirmation of Andy Sun's identity, job title and authority.
- Proposed contracting seller, exporter, manufacturer of record and payment beneficiary.
- Original, authenticated model-specific certificates, test reports and UAE applicability.
- UAE customer references, distributor, service partner, installed base and spare-parts arrangements.
- Written quotation, contract, exact machine configuration, warranty terms and payment schedule.

Product relevance is based on stored public evidence and buyer context. Confirm specifications, MOQ, customization, certification, pricing, and production capability directly.

QUALIFICATION SEQUENCE

Resolve legal identity and contact authority first. Then confirm product specification, production capability, compliance documents, sample approval, contract entity, and beneficiary bank details.

Before payment and public sources

DO NOT SEND A DEPOSIT YET

Do not pay until the contracting entity, beneficiary bank account, authority of the contact, product terms, and unresolved evidence conditions have been independently confirmed. Reconfirm any changed bank details through a separately sourced official company channel.

BEFORE YOU SEND MONEY

- Do not remit to an individual, personal account, unrelated affiliate or newly changed account based only on email/WhatsApp instructions.
- Name the exact legal seller and bank beneficiary in the signed contract and pro forma invoice; confirm any difference using independently obtained company contact details.
-

Verify account name, bank country, SWIFT and account details through a callback to the official company number, not the number in a payment-change message.

- Use a documented trade-payment method and staged inspection/acceptance milestones appropriate to the order; avoid full advance payment without protections.
- For any beneficiary change, pause payment and obtain fresh company documentation and independent confirmation through the official channel.

PRIORITY UNRESOLVED CONDITION

- Andy Sun's identity, current role and authority were not independently verified; the WhatsApp number remains card-only.

Complete research narrative

The card's Hangzhou address and ylvending.com domain match the public footprint of Hangzhou Yile Shangyun Robot Technology Co., Ltd. (). The card email uses that same company domain, corroborating company affiliation under this review's standard, but not Andy Sun's title or authority. The company presents substantial manufacturing capability, and marketplace evidence also describes it as a manufacturer and trading company. Its own pages describe products, factory, warranty and export support; these remain company claims unless independently verified. Middle East export claims exist, but a UAE distributor, project or local service network was not confirmed. Verify the contracting entity, model-specific UAE compliance, payment integrations, service plan and beneficiary before ordering.

Next steps

YOUR NEXT STEP WITH LE VENDING

Use these findings to guide your conversation with this supplier. Confirm any open product, company, and payment details before committing.

Research is only the first step. ChinaConnect247 can help you organize suppliers, compare quotations, track samples, prepare verification questions, and manage follow-ups after the fair. Discover. Verify. Compare. Follow up. [www.chinaconnect247.com](#) and WeChat: chinaconnect247

Business-card identity and original contact

LE Vending

ORIGINAL BUSINESS-CARD CONTACT RETAINED

Andy Sun - Sales Manager - LE Vending (card claim; public company name appears to be Hangzhou Yile Shangyun Robot Technology Co., Ltd.)

- email: sales5@ylvending.com
- whatsapp: +86 191-0677-7355
- other: www.ylvending.com

Cardholder relationship: Company affiliation corroborated

The business-card email uses ylvending.com, the same non-public email domain published through the company's official channels. This corroborates the cardholder's company affiliation. It does not by itself confirm job title, quotation authority, contracting authority, payment authority, or authority to change bank details.

CONTACT IDENTITY FINDINGS

- Andy Sun is a business-card-claimed Sales Manager. The card email sales5@ylvending.com shares the official company's ylvending.com domain, corroborating company affiliation under the requested rule. No confidently matching public employee profile or company-page listing for Andy Sun was found. Title, current employment particulars, quotation, contracting, payment and bank-change authority remain unconfirmed.

The business card is a lead, not proof of affiliation or authority. Reconfirm any contact or payment instructions through an independently sourced official company route.
